LCTech on Tour

We try to give you as much information on our website as possible. However, it is often better to see systems such as [FREESTYLE](#) or the [DEXTech Product Family](#) by yourself.

Exhibitions, conferences and seminars are a very good way for this. In the forthcoming year we will participate in some events that you will find in the table below.

We would be happy to make an appointment in advance. Just write us an e-mail to info@LCTech.de or give us a call: +49 8082 2717-0.

We are looking forward to see you at one of the events!

analytica 2018, Munich/Germany
