FoHP 2019

Forum on Halogenated Pollutants

04. - 05. April 2019

Leading International scientists share the latest insights and discuss the major topics PFAS and PCBs/dioxins.

[PROGRAM AND REGISTRATION](#)

Our Solutions for Your Laboratory

Automated Sample Preparation for Food, Feed, Environmental and Toxicological Samples

Dioxins, PCBs

Pesticides, QuEChERS

Mycotoxins

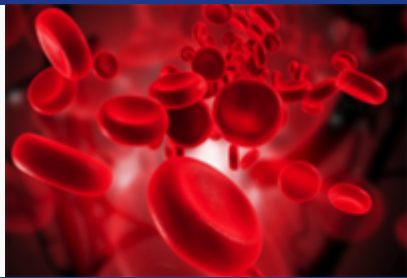

Solid Phase Extraction

Water

Forensics

Matrix of the Month: January, 2019

Aflatoxin B/G and Ochratoxin A in Turkey Rearing Feed

with extraction protocol, chromatograms and recovery rates. [Have a look to the details of the current matrix and all previously analysed matrices.](#)

The Company's Life

Service Training Obertaufkirchen

In October we let our distributors from different countries come together in Obertaufkirchen for a service training. [Read more ...](#)

Are You Looking for an Adventure?

Then We Are Exactly the Right Address for You!

We are looking for a Mechatronics Engineer (m/f/d) or Technically Skilled CTA (m/f/d) for Customer Support in full time. [Read more ...](#)

News

[Forum on Halogenated Pollutants](#)

03.-04. April 2019

An exciting program with the most important topics around POPs is waiting for you!

[To the Program](#)

Automated QuEChERS-Method:
New Applikation Notes for
Determination of Pesticides in
Fruits and Vegetables, Tea and
Tobacco

[Application Notes for Download](#)

PFAD and Stearin Samples:
Controlled Heating of Your
Samples in PCB and Dioxin
Analysis from Vial to the First
Column with DEXTech Heat

[To the Website](#)

D-EVA Vacuum Concentrator:
Parallel and Fast Concentration of
Your Samples in PCB and Dioxin
Analysis

[To the Website](#)

Unbeatable Automation:
DEXTech 16: The First Fully
Automated Sample Clean-Up
System for PCB and Dioxin

Analysis

[To the Video](#)

DEXTech Plus:

Automated Clean-up of Various
Brominated Compounds: a Breast
Milk Example

[Application Note for Download](#)

Azo Dyes:

Fully Automated Processed from
Sample to Chromatogram

[Flyer for Download](#)

DEXTech Pure:

Clean-up of PCBs and Dioxins in
one "pure" Fraction each. Get
more Information about the
Modified Dioxin System DEXTech
Pure.
