“If one of our customers has a question regarding our systems, our goal is answering fast, straightforward and satisfying!”

Michael Sterr, Head of Service

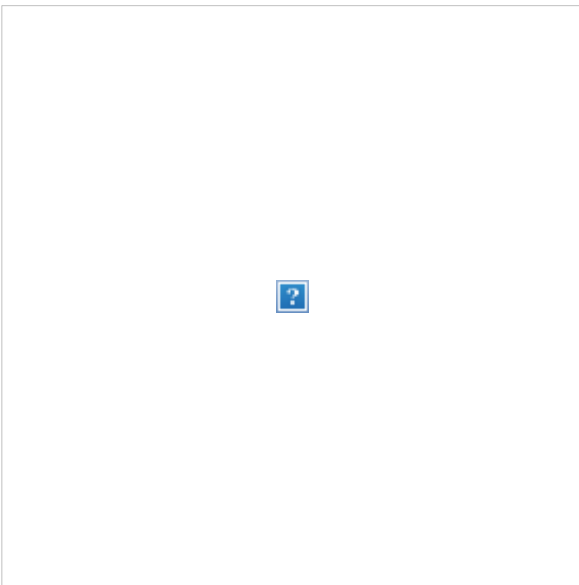

“One major challenge of our work is implementing customer requirements into standardisable automation technology.”

Dr. Uwe Aulwurm, Head R&D

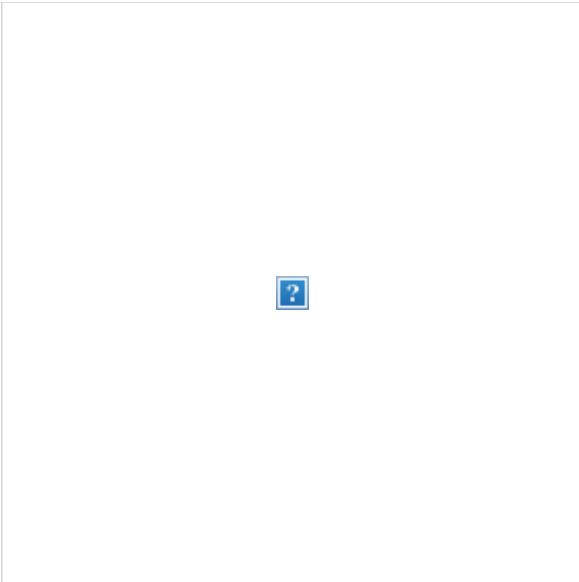

“The feedback and the cooperation with our customers supports our product development eventually resulting in optimal solutions.”

Maximilian Baumann, Product Manager Dioxin

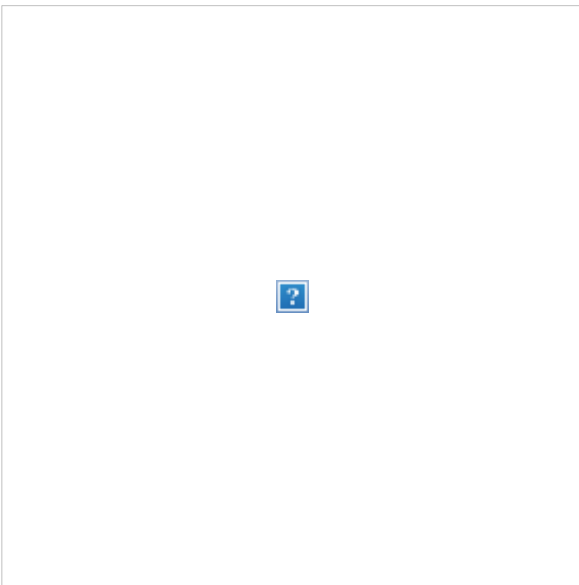

“Customer satisfaction and trust in our work have highest priority at LCTech. We are continuously striving to achieve and to keep both.”

Michael Baumann, General Manager

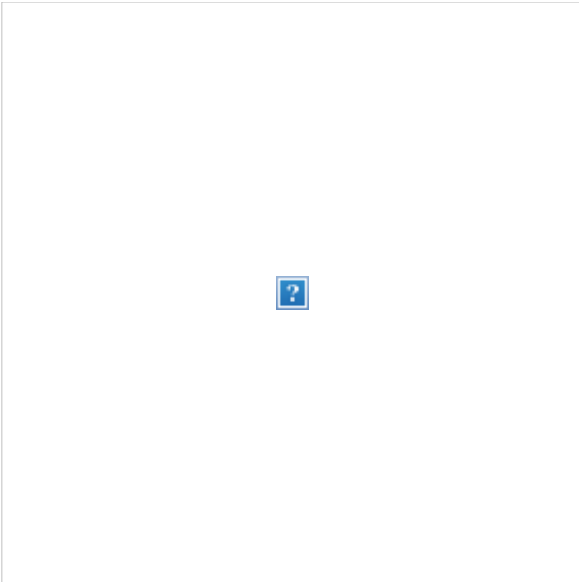

“My goal of each customer dialogue is to explain complex issues in an easy to understand manner.”

Dr. Thomas Fiedler, Sales

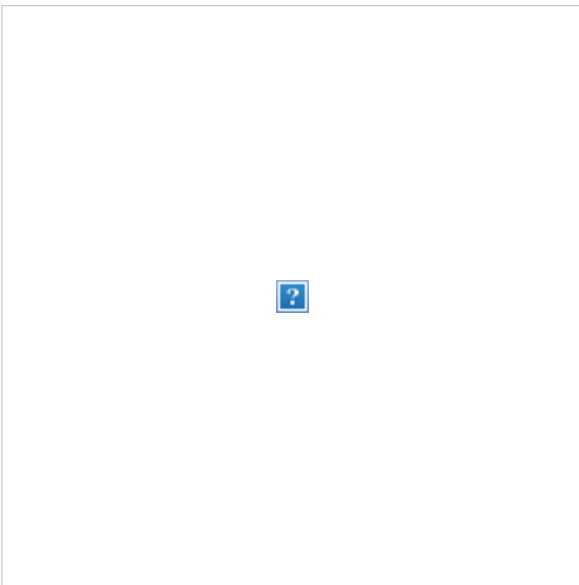

“My primary goal in customer meetings is always to find the best matching solution for them.”

Christine Grossmann, Sales

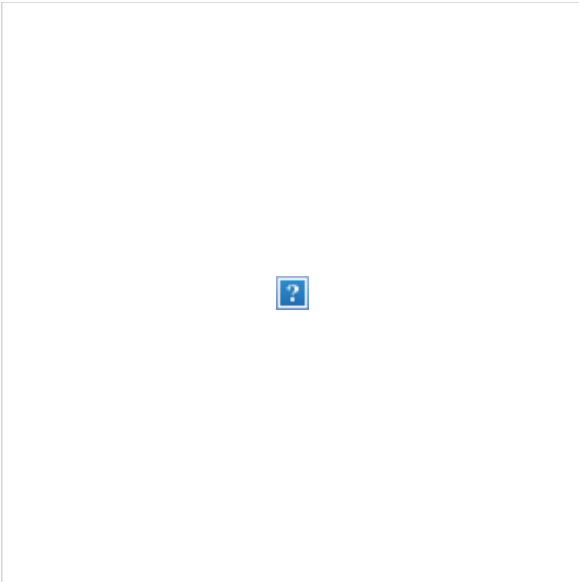

“It is my business to identify and clearly understand the requirements of my customers before I offer them a suitable solution.”

Dr. Michael Muck, Sales

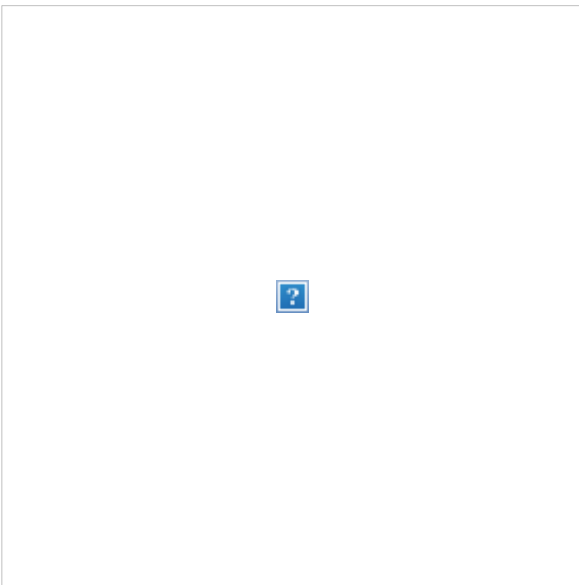

“True service to me means fast and qualified support without too many words.”

Mario Zierold, Service

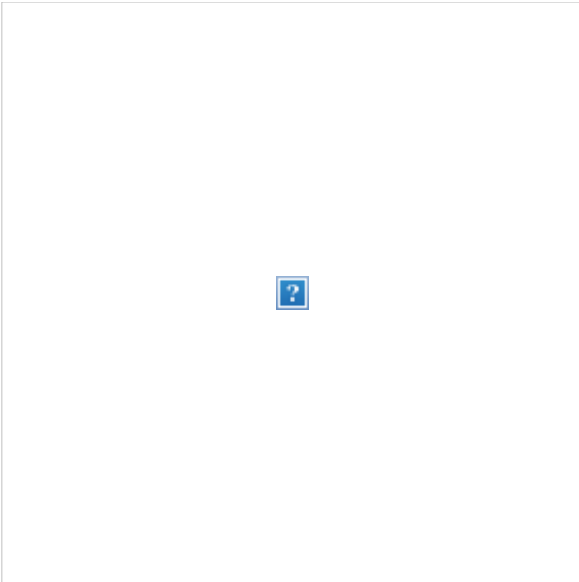

“Our goal is to provide an extensive support to our customers with outstanding products and competent consulting!”

Dr. Frederik Wuppermann, Head of Laboratory, Biotechnology

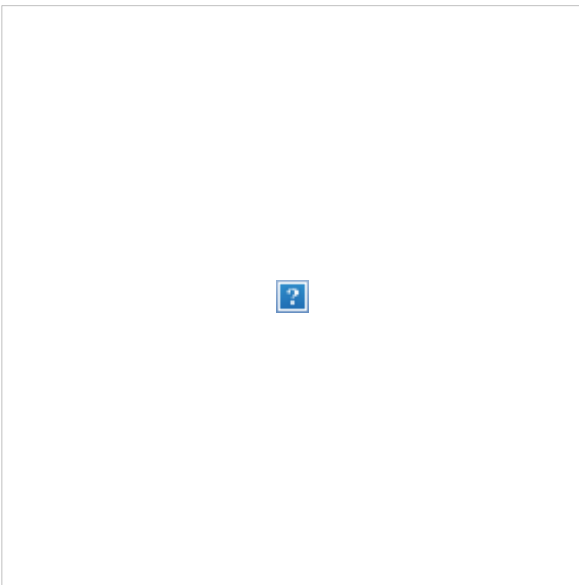

“With passion I find with LCTech the optimal solution for local or global operating customers to meet the different requirements they are faced with worldwide.”

Angelika Köpf, Sales Manager

“Water ist the foundation of life. I am glad to daily participate a little in securing good water quality.”

Dr. Marc von Essen, Business Development

Our Solutions for Your Laboratory
